
Bile acid biosynthesis
Carnitine shuttle
Sialic acid metabolism
Glycosphingolipid metabolism
Glycerophospholipid metabolism
Vitamin D3 (cholecalciferol) metabolism
Vitamin K metabolism
Omega−6 fatty acid metabolism
Porphyrin metabolism
Urea cycle/amino group metabolism
Valine, leucine and isoleucine degradation
Squalene and cholesterol biosynthesis
Glycosphingolipid biosynthesis − ganglioseries
Dynorphin metabolism
Vitamin B6 (pyridoxine) metabolism
